EXPERIENCE

Associate QA Engineer – VetData (Lexington, KY)

June 2020 – Present

- Worked in an Agile environment to identify, reproduce, and resolve software bugs.
- Practiced continuous integration — deploying frequent software updates through Azure Pipelines.
- Helped identify code defects using Visual Studio debugging tools, Postman for testing APIs, and Microsoft SQL Server for accessing databases.
- Part of a small team that worked to introduce Behavior Driven Design (BDD) to our Lexington office.
- Tech Stack included C# and ASP.NET.

iOS Developer – Warner Design Technology (Lexington, KY)

January 2020 – May 2020

- Developed iOS apps for clients in the sports, fitness, and agriculture industries. Designed front-end user interfaces using Swift 5. Made database calls, updating and fetching data from Google Firebase.

Property Manager – The Downtown Company (Versailles, KY)

December 2017 – November 2020

- Managed 18 residential & 5 commercial properties.
- Helped ensure the timely collection of \$24,000 in monthly rent.

Radio Talk Show Host – WRFL Lexington (Lexington, KY)

August 2018 – January 2020

- Volunteer radio talk show host. WRFL has a storied history in the Lexington music scene, and is listed by the Gavin Report as a top 2% college radio station nationally.
- Interviewed over 20 artists about their creative processes. Booked local artists, drafted show scripts, conducted interviews, and operated a live mix board.

Music, Photo, and Video Production – Self-Employed (Versailles, KY)

August 2015 – August 2019

- Produced original music in a variety of different Digital Audio Workstations: Ableton Live 10, Cubase 9, Reason 8.
- Mixed and mastered over 100 songs (both my own, original compositions and commercial work for other artists).
- Managed and marketed my music via music streaming sites, social media pages, and music blogs.
